Dear Mr. and Mrs. Nushart:

In response to your letter of October 7, 1970, regarding the open burning being conducted at the Lehrer Sanitary Service landfill, let me inform you of the action which the State has undertaken.

Mr. Lehrer's case has been referred to the Department of Natural Resources, Bureau of Legal Services. That bureau has called a hearing to look into Mr. Lehrer's violations of the State Solid Waste Disposal Standards. That hearing will be held on October 26, 1970, at the Outagamie County Courthouse. I am not sure of the hour of the hearing, but the hearing is open to the public. If you wish to attend, I am sure you can get the time of the hearing from the Outagamie County Clerk.

I hope this letter and the ensueing hearing will bring you some relief from this situation. Should you have any further questions or comments, please feel free to contact me at any time.

Very truly yours,
Bureau of Air Pollution Control and
Solid Waste Disposal

Here are your last letter of Sept 25/1970.

To-day is the 7th of Oct & we are still choking from the smoke, & sick from the stench (Lehner Dump area) & we have more than our share of flies. It is no place for a dump to begin with never will be never was It all ends up in the Fox River during the floods –
